Web and Mobile Application Development Mentor

- Mentored students in web and mobile development using HTML, CSS, JS, React, Node, Express, Next Firebase.
- Guided them in project creation and deployment.

Expertizo University   **February 2025 - Present**
Web and Mobile Application Development Mentor

- Mentored students in web and mobile development using HTML, CSS, JS, React, Node, Express, Next Firebase.
- Guided them in project creation and deployment.

Suffah Institute Of Technology   **June-2024 -Present**
Web and Mobile Application Development Mentor

- Mentored students in web and mobile development using HTML, CSS, JS, React, Node, Express, Next Firebase.
- Guided them in project creation and deployment.

WORKPLACE PROJECTS

E-commerce Store

https://react-js-e-commerce-shah.vercel.app

Developed a responsive e-commerce website using React JS and Firebase with real-time product listing and authentication features.

Tesla Clone

https://react-tesla-clone-flax.vercel.app

Built a Tesla landing page clone with React JS, focusing on smooth scrolling, modern UI components, and responsive design.

Disney+ Clone

https://disney-clone-phi-lake.vercel.app

Created a Disney+ streaming service clone using React JS, including dynamic routing, UI animations, and media display sections.

Booking App

https://mern-booking-frontend.vercel.app

Developed a full-stack MERN booking app with features like user authentication, image uploads (Cloudinary), and real-time bookings.

Saylani Hackathon – Loan App

https://saylani-hackathon-theta.vercel.app

Built a loan application system during the Saylani Hackathon using React JS, Node.js, Express.js, and MongoDB.

Web Dev Docs Platform

https://web-dev-doc.vercel.app

Designed a documentation platform for students using Next.js and Express.js with MongoDB integration for managing learning materials.

CERTIFICATIONS

MERN Stack   **2024**
